

LEED Letter Gather 2195

Product composition declaration:

Gather 2195: 82% Post-consumer recycled biodegradable* polyester including ocean waste and 18% biodegradable* polyester.

Gather is biodegradable* CLEAN IMPACT TEXTILES® classified fabric and combines upcycled ocean waste plastic with post-consumer recycled plastics to create industry-leading sustainable textiles.

Gather is manufactured in Saint-Georges, Quebec, CANADA.

Sincerely,

Joel Sergerie
Marketing Director

* Rate and extent of biodegradation into elements found in nature is 91% after 1,278 days under ASTM D5511 (Anaerobic Biodegradation of Plastic Materials Under High Solids Anaerobic Digestion Conditions). The test was done with the same component (PET) polyester and biocatalyst additive. No evidence of further degradation.
